Yearbook Event

The year 2022 ended with a small event prepared by Yearbook Club. In the motivation channel, members were given two different templates and asked to write about their new year goals or resolutions and a small "letter to myself". For "letter to myself", members could write about anything they wanted to. Using Korean was encouraged even if it was used with a mix of English but it was not compulsory.

Templates

새해 결심
New years resolutions

아미 KSG

Focus on listening and speaking

Do tons of writing :)

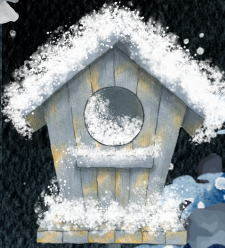

Reach 4-5k cards on Anki

Learning most new grammar in Korean

RUN KSG

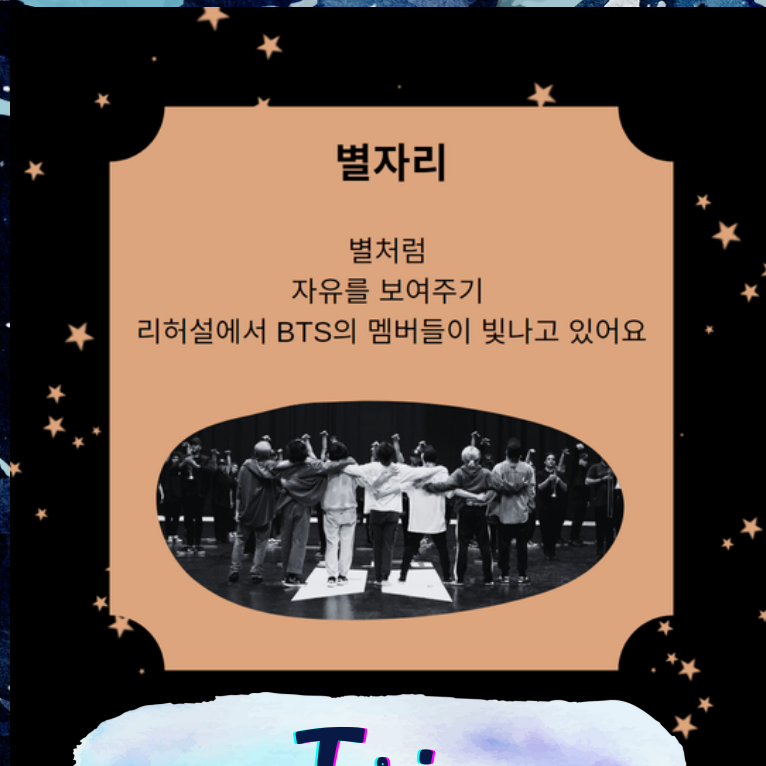

This episode of Run  KSG was dedicated to "Taejin" [Taehyung and Jin]. This time it was all about Jin and Taehyung's birthday.

As always, different activities were prepared with a mix of something fun and learning Korean in mind. There were 2 different activities for each Jin and V.

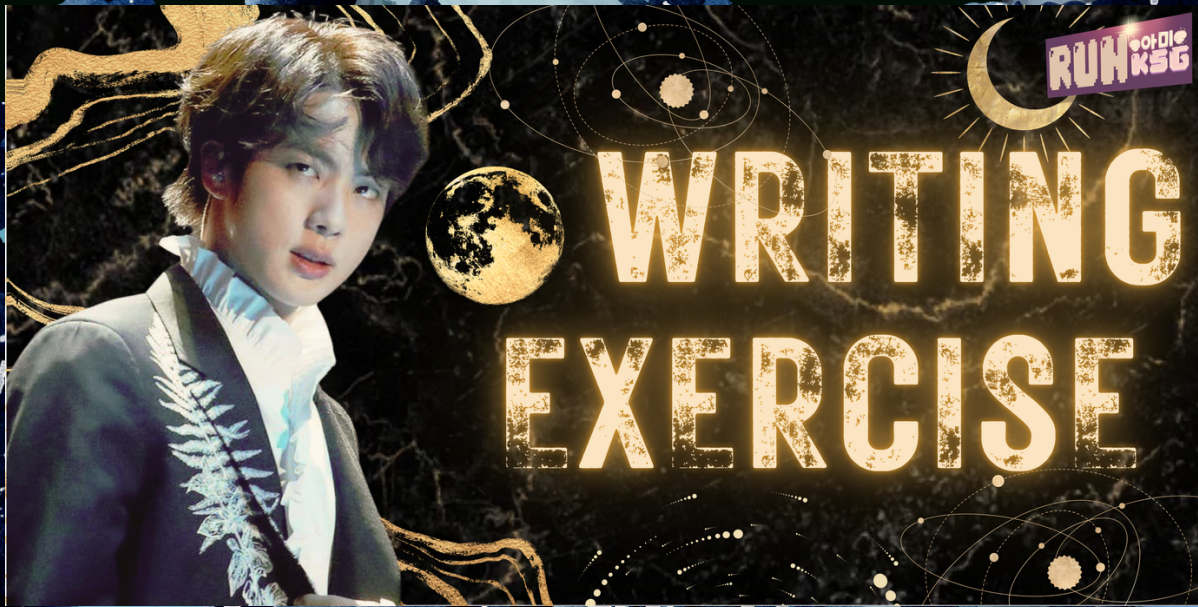

Members were given 3 prompts and asked to make an acrostic poem using them. They could make only 1 acrostic poem but if they made 3 for each they would earn 7 hearts-KSG currency- for each.

Tori

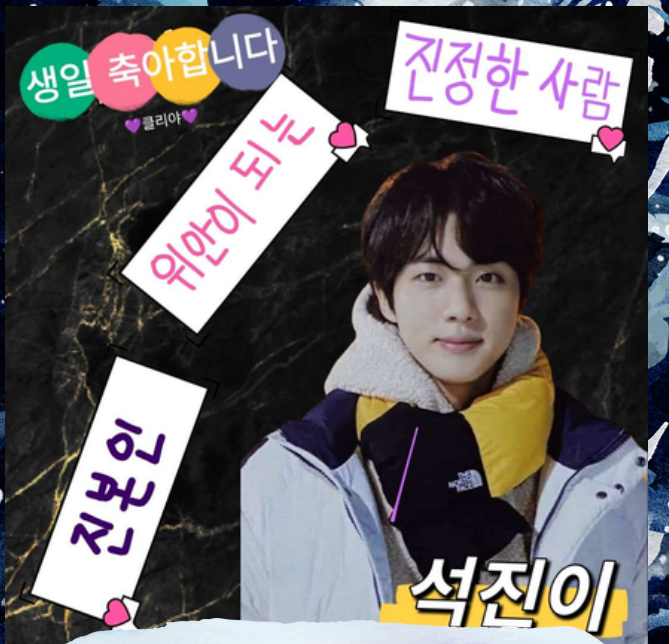

Klya

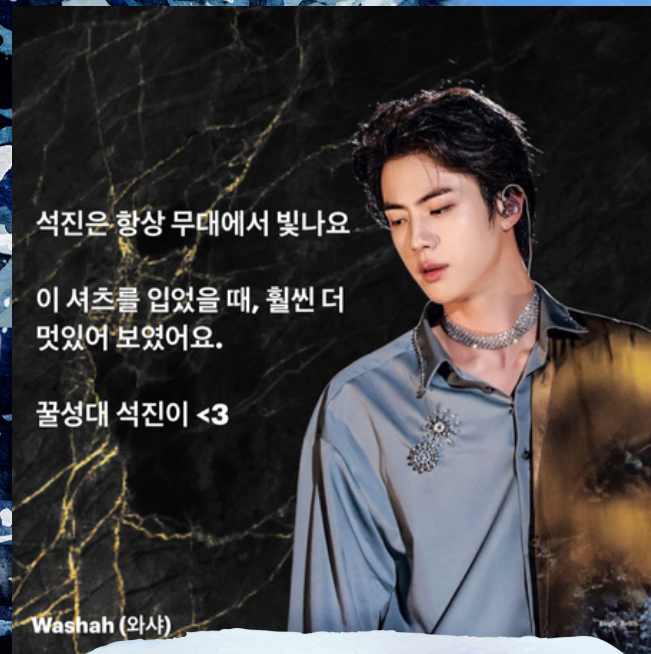

Members were asked to choose their favorite picture of Jin and write things around it. They could use adjectives, phrases, the feeling they get from their chosen picture, or anything they wanted to describe Jin himself.

Some templates for the picture were also provided

Klyia

Washah

행복해

받아 주다

만전한

Zainab

자신 있어

인생처럼
진짜

강한

용감한

잘생긴 얼굴

폭신폭신했던 머리

노란 스웨터

깨끗한 피부

산타 모자

체크무늬 셔츠

멜빵 바지

귀여운 빨간 작은
가방

Tori

This activity was for the two divided teams among the armys i.e Team Tiger and Team Bear. Every army is aware of the debate about which animal represents V that has been going around for quite a while now.

This activity was inspired by the birthday lives where BTS members have been getting cakes that are designed after their animal representation.

So, continuing this, members were asked to design the cake for Taehyung's birthday based on what they thought it would look like.

But they were free to make any design for the cake and it was not limited to the animal's design.

VOCABULARY

Following the tiger vs. bear debate, a list of vocabulary related to animals that include onomatopoeia, body parts, and adjectives was prepared.

As for the exercise a small quiz was prepared and different worksheets were given for them to fill in the correct vocabulary.

Different colored boxes represented specific body parts, the pattern, the shape.
