Guada (guada<sup>7</sup>%#6418 on discord) is one of the oldest members and moderator of this server.

Take a look into what pizza loving Guada has to say about the server from a moderator's perspective.

(...) I don't know if I was prepared for it. But I'm alive. That's what matters \*laughs\*

Which is your favourite game?

Currently i'm playing a lot of fortnight and fall guys, It's like cute.

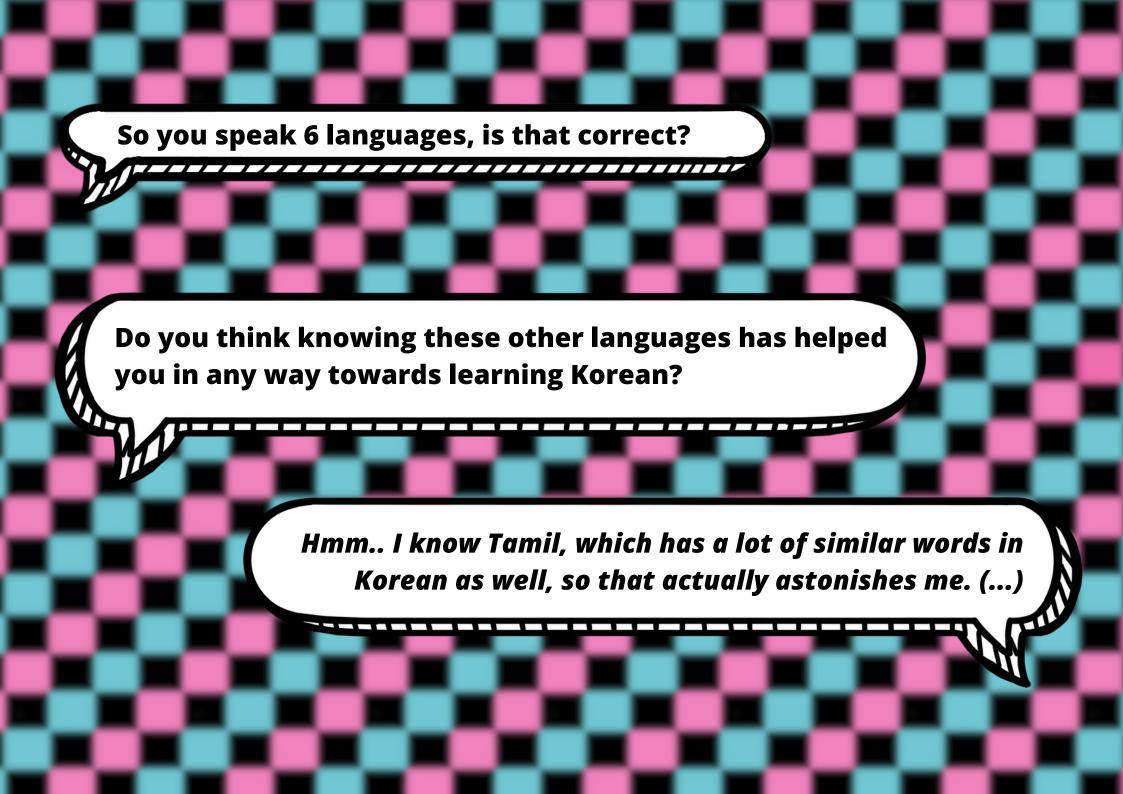

Swathu(Pikapika#0506) is one of the moderators and also leader of K-Theater in the server. But today we will be interviewing her only as the part of moderator and staff of our server

## Take a look into Swathu's fascinating interview and her experience as a moderator.

We also noticed that you mentioned in your staff introduction you were initially anxious to receive a message from the admin(...)

(...) the admin pinged me but didn't tell me what it was for. She just said if it was okay to ask me about something or something along those lines. So, I thought I did something wrong or broke the server rule and was thinking oh my god I don't know!! (...)

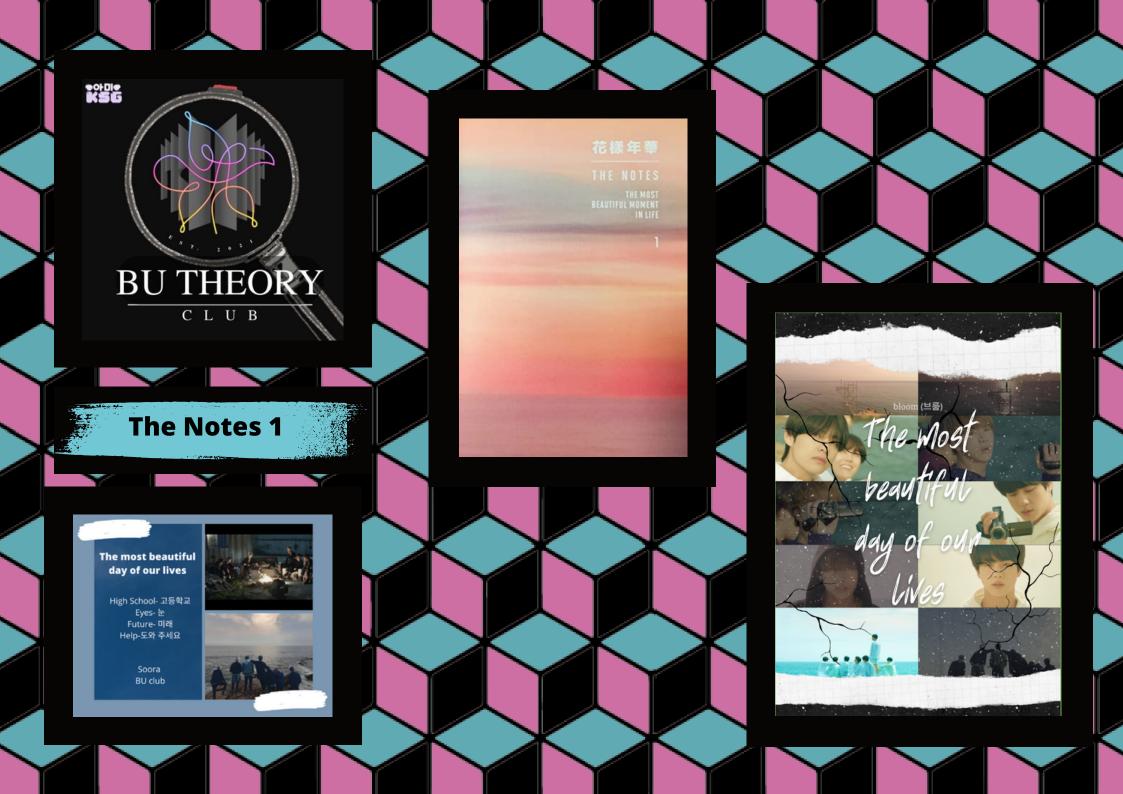

Yes, I have noticed. You would struggle in structure because it's not the same in English but then because you know it in Hindi it just flows.

This is a judgement-free zone!!

Now for the basics, I'll give you the syllable count.

Take a look into leadership of the singing club and her love for singing, the club and its members.

Would you introduce your team as well, please?

Currently there are three (3) of us. I am the leader, Zainab is the co-leader, and Roo is the secretary.

Could you give us a general overview of the club? What have you guys been doing since you started?

I came up with the idea for the club because I've been an active user of the Smule app. I came to love K-pop more because of that app.

It's the same as our club - a pseudo entertainment type.

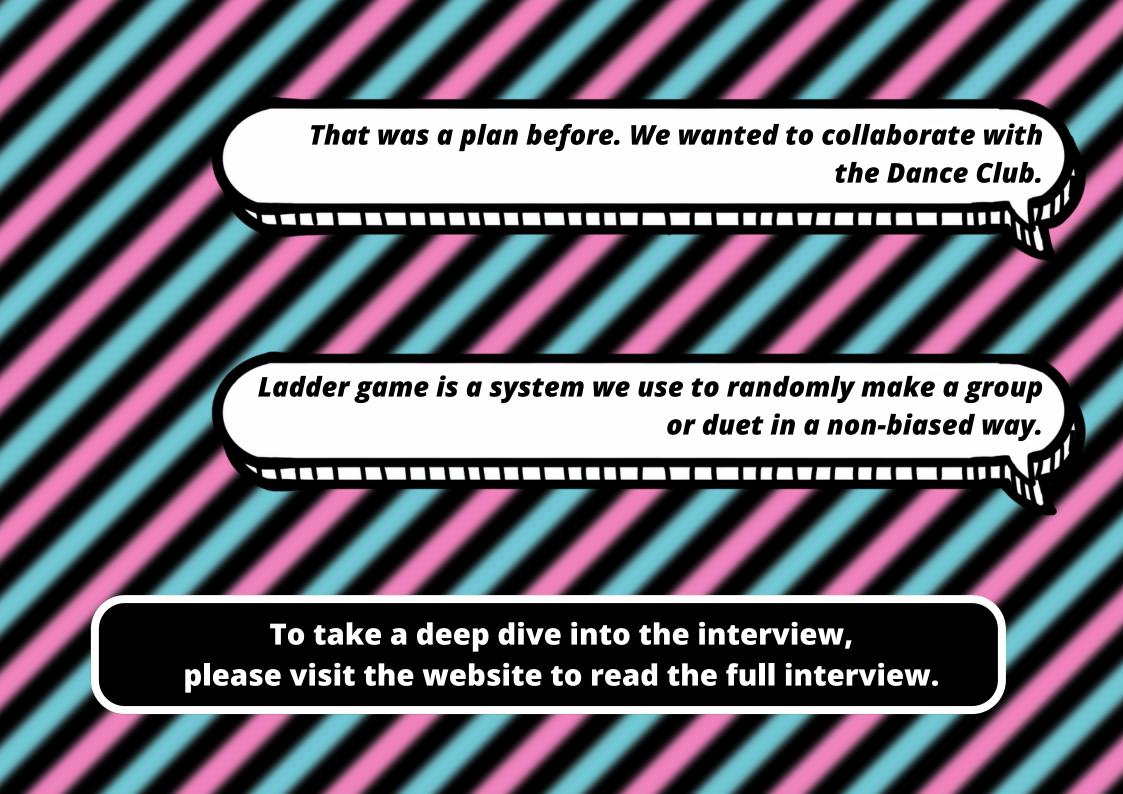

The goal of the Singing Club is for different nationalities to come together and sing. We are here to make covers of K-pop songs.

(...)When we make a cover, we aren't just singing. We're making our own color coded lyrics; we take note of harmony(...)We refer to our members as trainees.

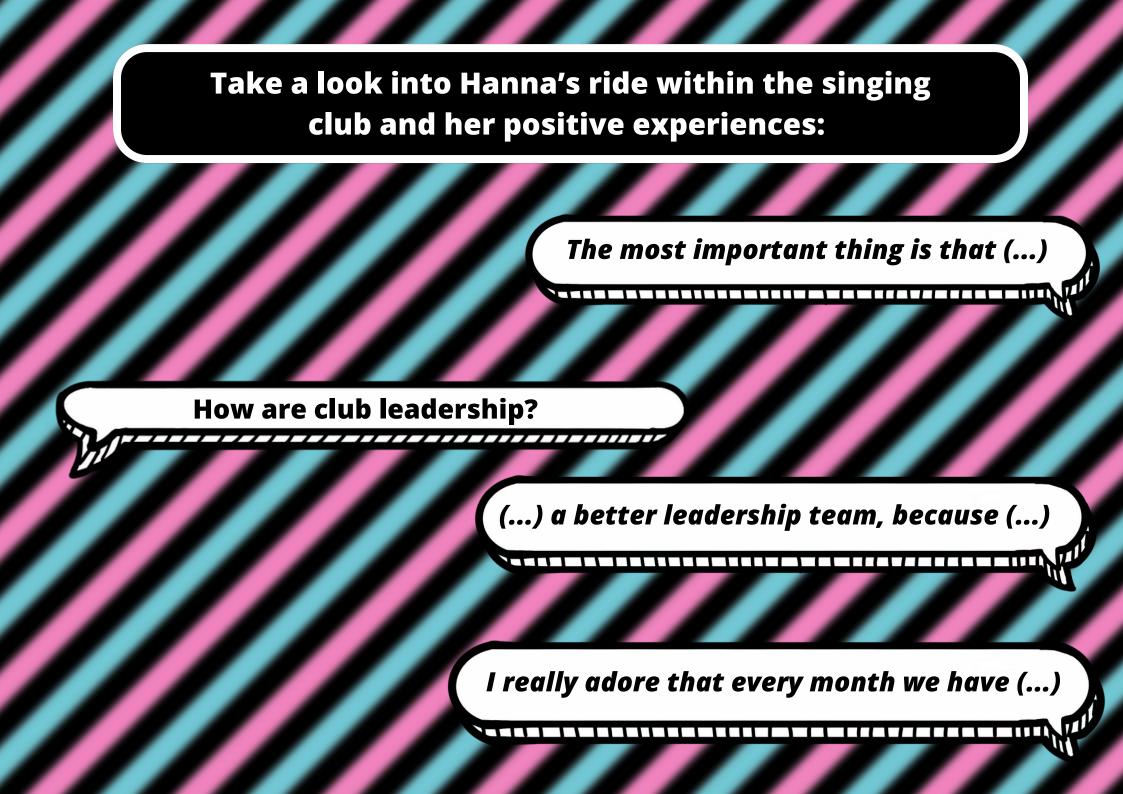

I guess Singing Club is not only about learning Korean; it's also a good way of sharing your love for BTS and music(...)Our calendar is made based on the events of BTS' timeline. We cater to Korean or BTS events, and even holidays in Korea and around the world(...)

The main goal is to actually create a group that's able to create good covers of K-pop music, just like I experienced in Smule years ago. Another goal is to create permanent groups.

(...)Has your club ever had a collaboration?

What is a fun memory you have in this club?

(...) It was so much fun, we had to create our group name and divide lyrics between us and of course, to meet new friends.^^

What are the things you don't like about the club or things you wish to change?

The only thing that I would like to change is (...)

Take a look into what Win had to say about the singing club and her journey with the club and its members.

What's your favorite thing about the club?

I like how it is both informative and fun(...)

What is a fun memory you have of this club?

There are a lot of memories that I'm fond of, but I think the most memorable one is when we had a karaoke session and(...)

# server events

## Tournaments

On the 아미 KSG server, members are divided into groups we refer to as 'studio groups'. This sorting is done prior to gaining access to the server. You can think of it as sorting into houses at Hogwarts!

Each group has its own channel where members can converse and get to know each other.

The main purpose of the groups, however, is the tournaments we host. Tournaments are server-wide events consisting of a main game which studio groups compete against each other in. The members vote on the most ideal time to host the tournament and then form their teams based on who would be available then.

Aside from the teams participating, members of the server who do not wish to participate are free to join and observe.

For the July edition of the 아□ KSG Tournament, studio groups played against each other in a game titled 'Puzzle Master'.

Clues were issued via the Mimu bot with the use of autoresponders. Each clue's answer was the trigger to the next clue. Teams chose representatives who were the ones to confirm when they had an answer and then input the answer. Clues also contained embedded puzzle pieces which the teams had to assemble in order to form a picture that was shown beforehand.

Rewards included server points, hearts, and a 'Puzzle Master' role which came with access to a command to earn hearts for a certain period!

The tournament lasted approximately 2 hours and was a competition among three (3) teams - Genius Lab, Hope World, and Golden Closet.

Hope World was the winning team.

Nae (@yaadealid#2527 on Discord) is one of the head organizers and also, the host who organized both of these tournaments.

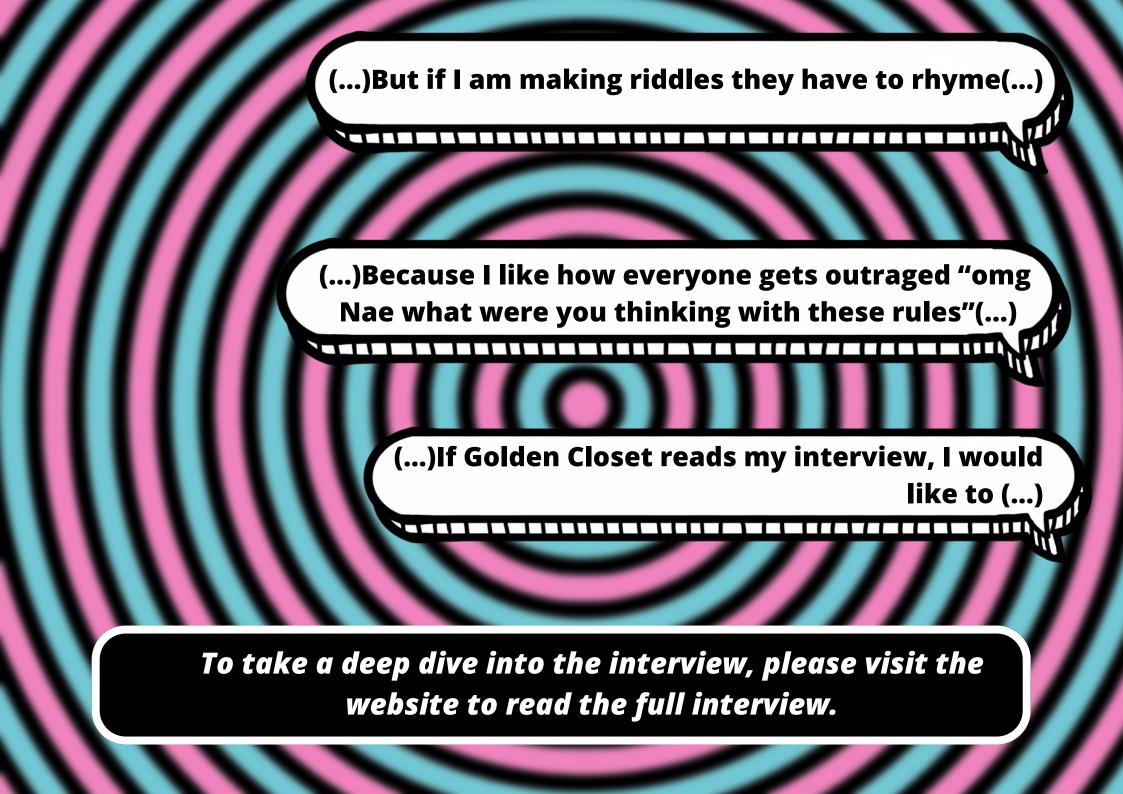

Let's take a look into what she has to say about the tournament.

Explore what nae's experience was being an avid organizer as well as a host of the two 아미 KSG tournaments

(...)I do not go into things expecting so I do not end up being disappointed(...)

(...)People will say this about me as well, I particularly like the part about making penalties(...)

(...)The winners were being announced and Golden Closet were celebrating that they had won but eventually it turned out that HopeWorld had won(...)

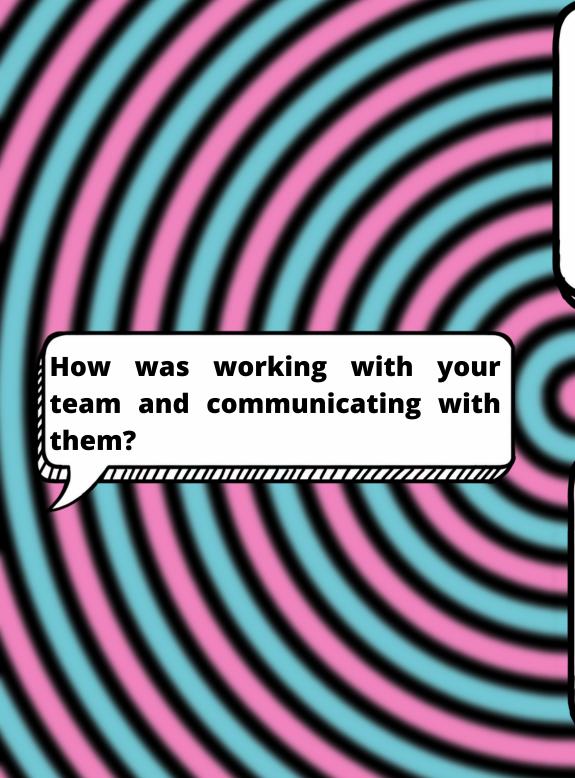

Take a look into what Des had to say about the latest tournament that was held, her experience with her wonderful team and their dazzling victory!

Why didn't you participate last time?

You mentioned just know your team didn't listen to you, could you explain what happened?

I can't get up early enough lol.

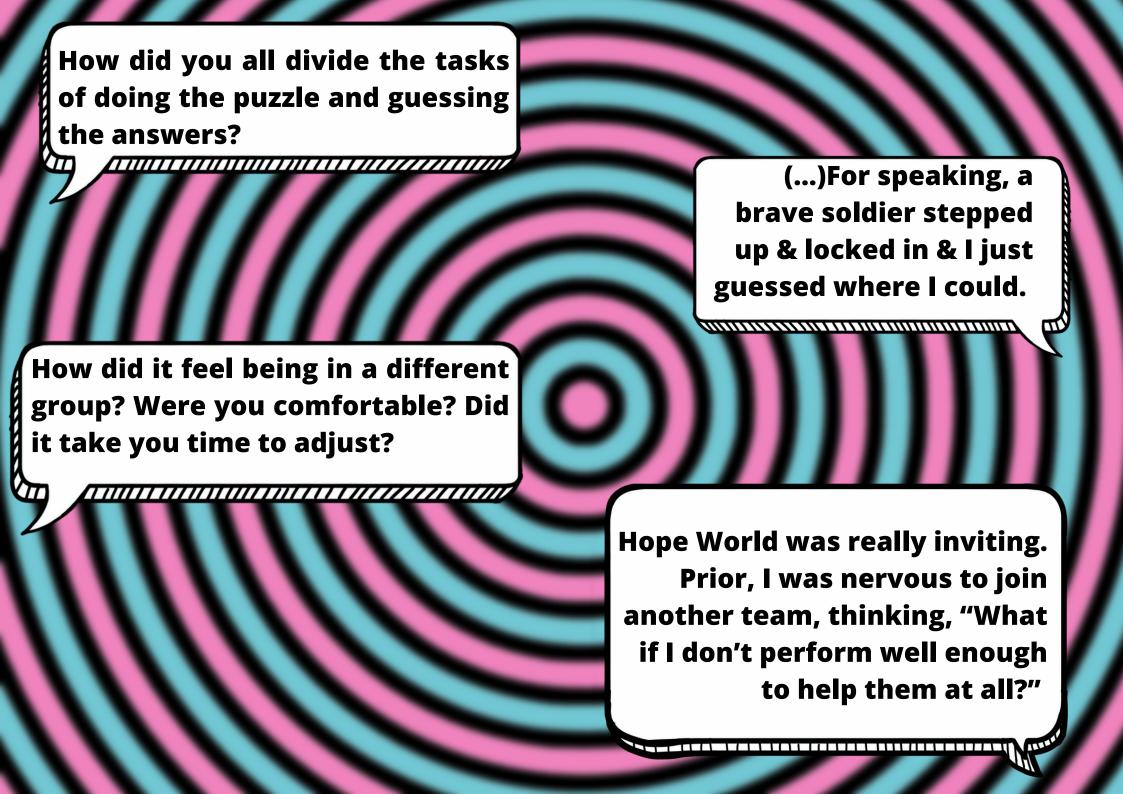

(...) There was a question and I remember another team asking if it was a two word answer, and it was confirmed to be TWO.

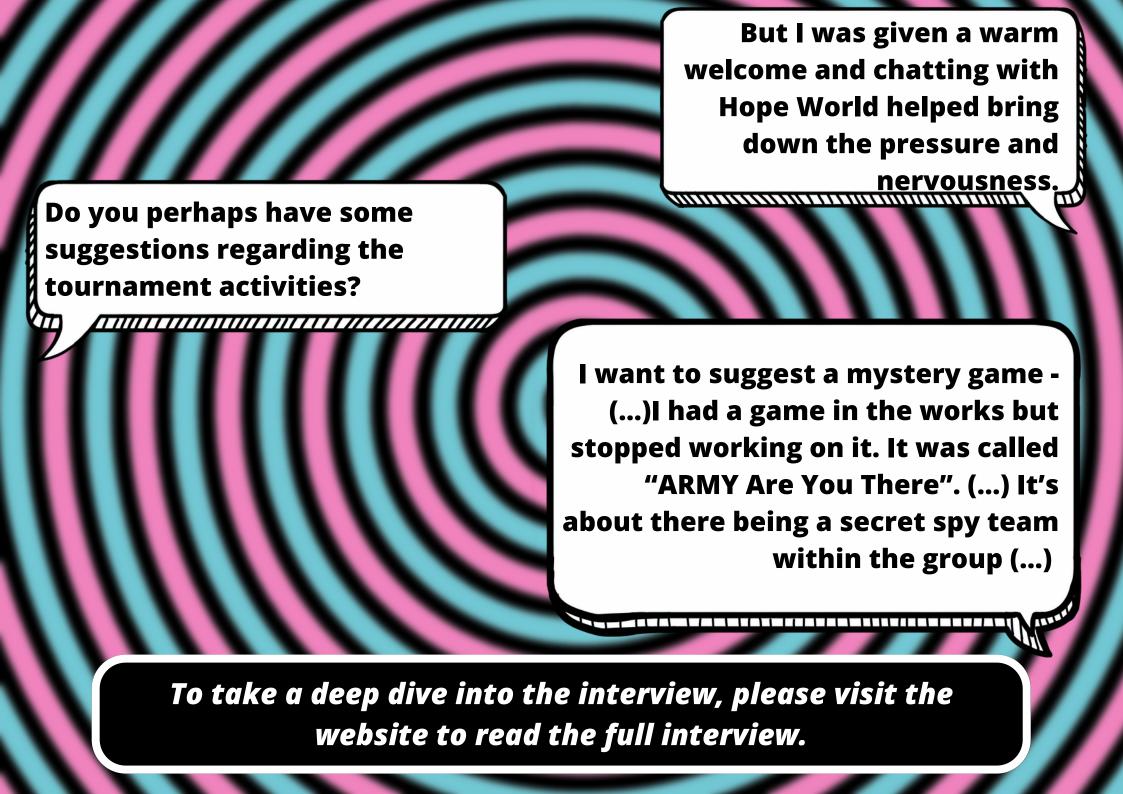

(...) In the end they went with a one word answer, and guess what? It was WRONG. Little old Des said the whole time to check but luckily we didn't get any points deducted. It was then after I got apologies and named to be a higher being

~\_\_\_\_\_\_\_\_\_\_\_

(...) Coming into the other teams channel and seeing how they interacted before, during, and after the event was refreshing. It shows team spirit & I think it's a way to bond with others on a different level.

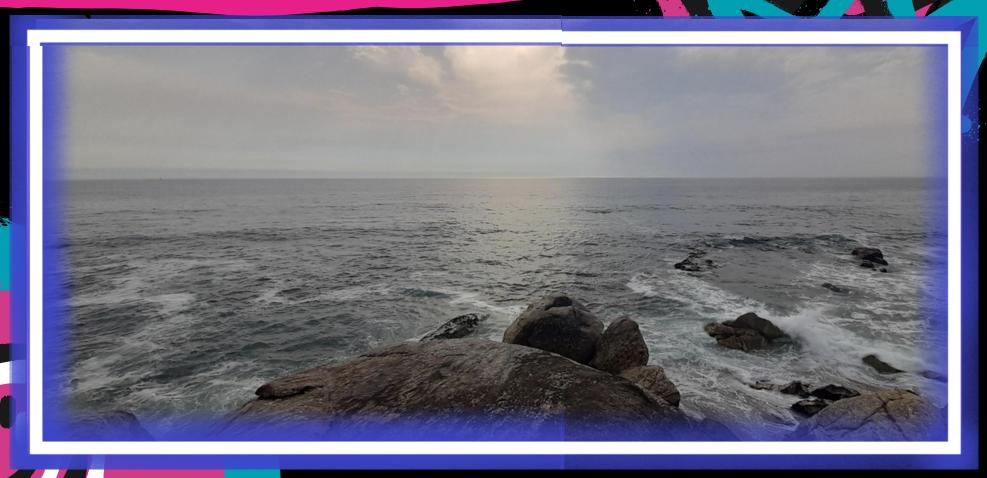

Soora (Soora#5274 on discord) is one of the members who actively participated in the tournament.

Let's take a look into what she has to say about it.

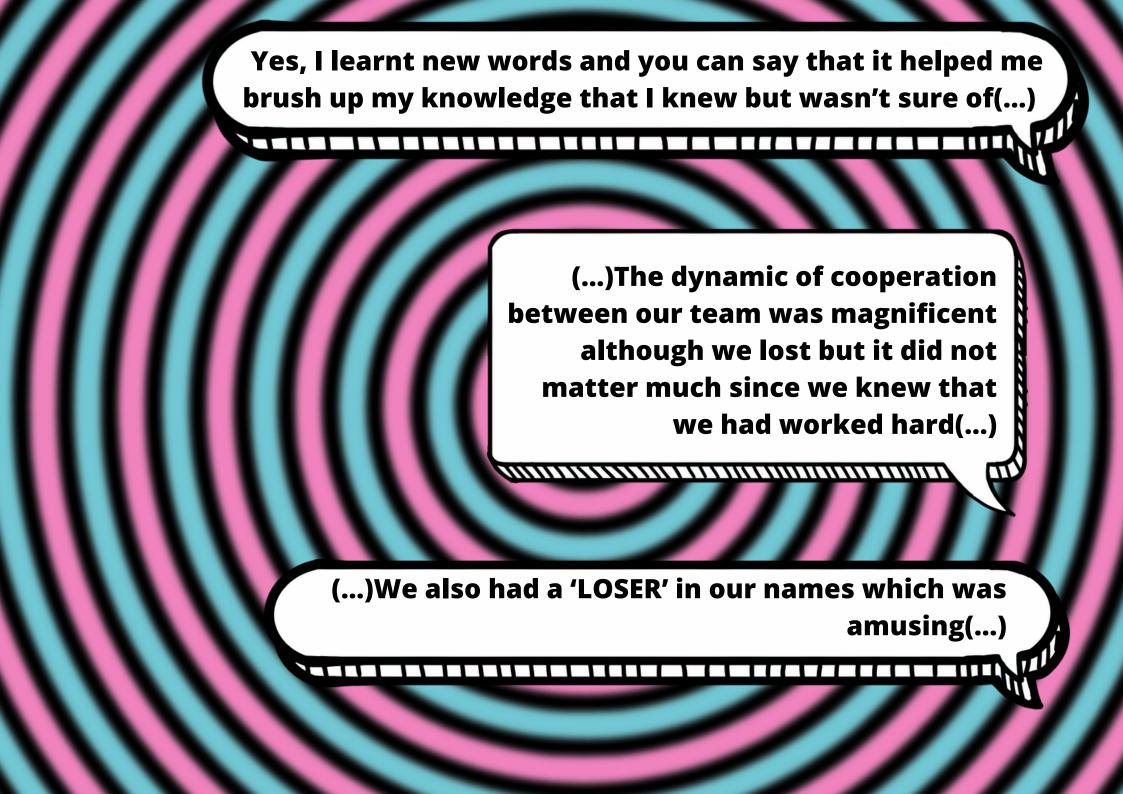

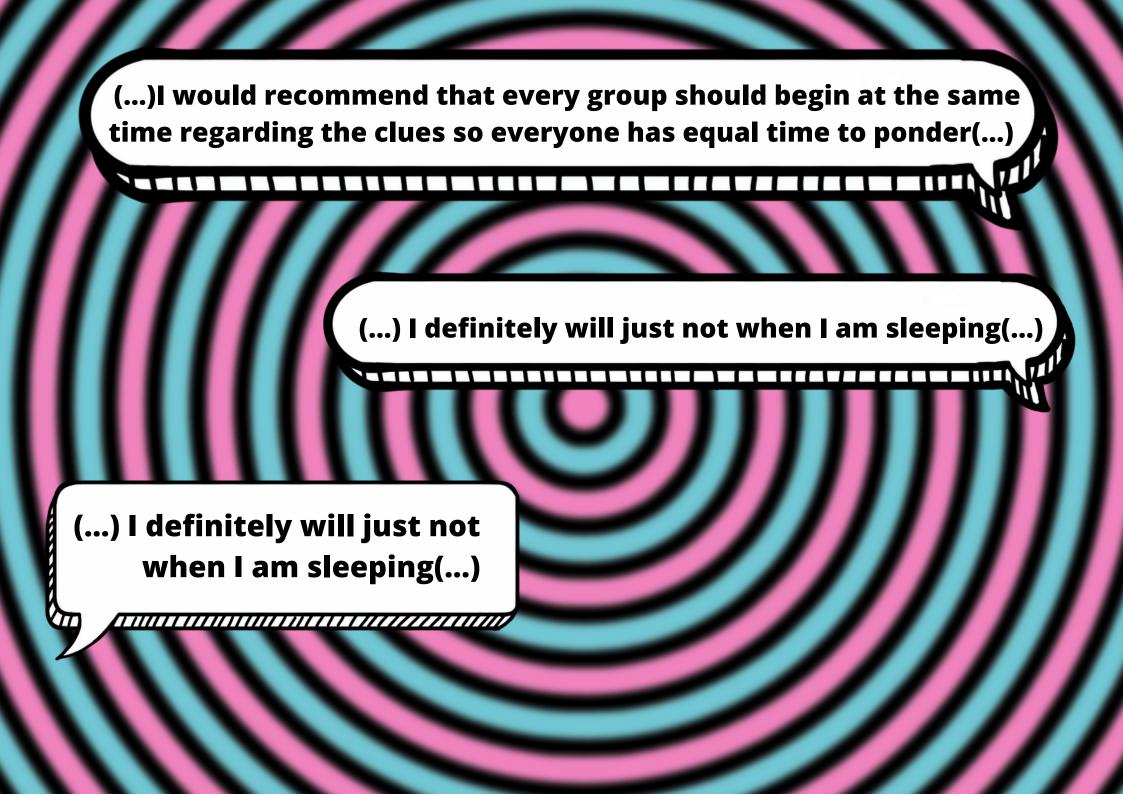

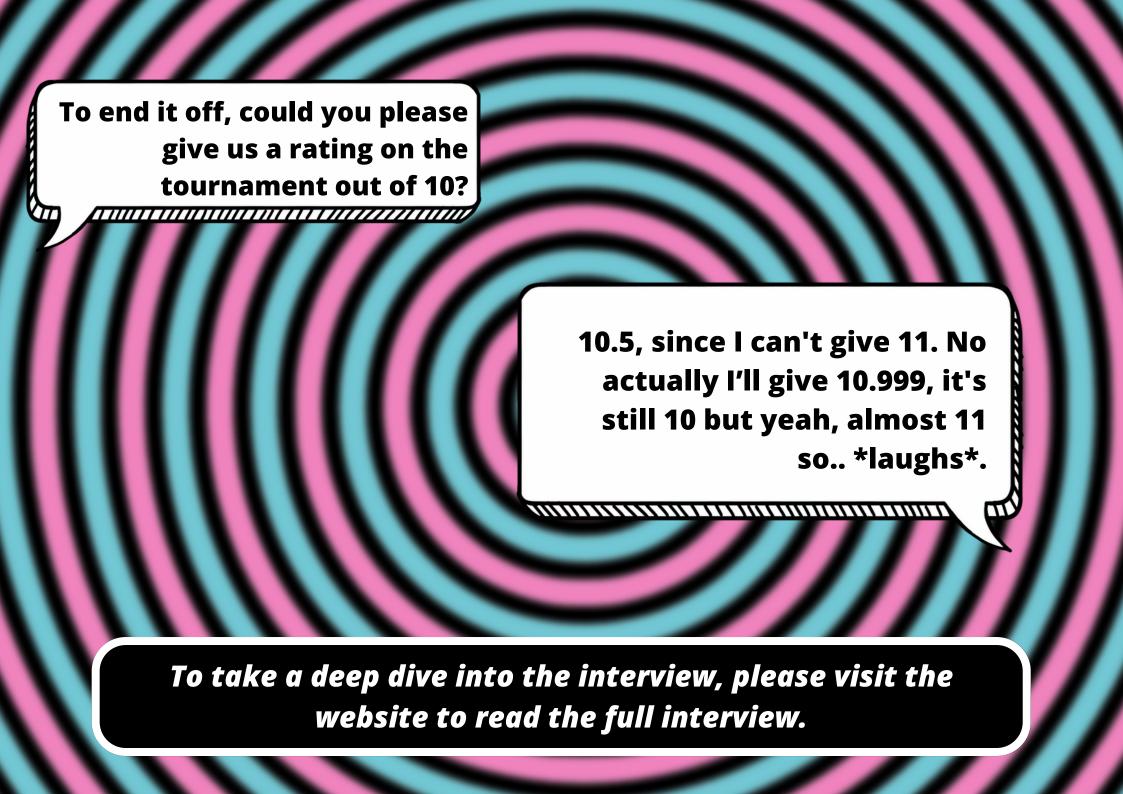

Take a look into what Soora has to say about her experience in the recent 아마 KSG tournament and her wonderful experiences with her magnificent team

What is some memory you made during the tournament that you remember and would like to share?

(...)We argued for approximately 10 minutes that we had won but eventually, we found out that we were in last place.(...)
(...)We were so happy we were like WE WON! WE WON! And then we were like oh noooo(...)

Rat (\*\*\*\*°-) 20 \*\*#6575) is a member of Rkive but played for Genius Lab this tournament. Let's see how her tournament experience was.

Check what Rat had to share about the recent tournament held on 21st of July and her memorable experiences.

Since this is your first time, what did you think about it all?

What was your favorite part or aspect of the tournament?

(...)35 members hanging out, awesome music and lots of laughing.

#### Check out what Washah had to say about her first experience in The 아미 KSG tournament.

Why did you choose to participate in the tournament this time around?

Having seen the excitement and fun last time, I wanted to participate this time (...)

(...) But the fact that we were all scared of Nae and how we should not give her ideas to reduce the time for answering and completely take our hearts away was truly one of my favorites.

(...)When we got one of the answers partly wrong because we didn't listen to Des and from then onwards we made her our final approver of every question(...)

(...) so that I can become the dad joke master in the near future.

I suggested a bingo night during the tournament (...)

(...) Nonetheless, will be looking forward to a harsher penalty next time (JK) ⇔.

### Check out what Ishanavi has to say about her recent experience in the 아미 KSG tournament!!

(...) And that is the reason I joined the second one. (...)

(...) So, I felt bad, but they were really supportive, and the people were really great.(...)

(...) the people who organized this tournament worked really hard and did a really good job(...)

RUN 아미 KSG is an event-based activity that is done during special events such as birthdays, comebacks, anniversary and many others associated with BTS. Every new edition RUN 아미 KSG is referred to as a new episode and each episode has different activities to complete..

RUN ○├□ | KSG is open to anyone who wishes to participate. All participants receive 1 server point so long as they complete the required activities.

Some activities done in pasts RUN 아미 KSG were bingo, jeopardy, writing letters, etc. To give you more insight on the types of activities we do, you can see below what was done for this month of July.

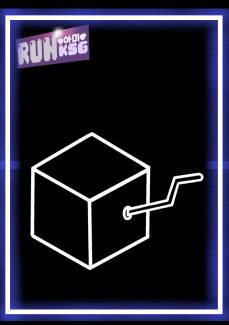

Decorate the box:

It was given to the members 2 templates of the blank box with 2 backgrounds (black and white), one being an open box and another being a closed one. They would have to decorate the box and create something popping out of the box.

It must be obvious by the name. This episode was to celebrate the comeback of our sunshine Hobi (j-hope). In July 2022, RUN OF KSG returned with an episode of "Jack in the Box" where staff organized 3 different activities: Decorate the box Streaming Quiz

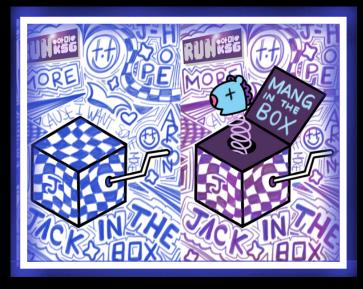

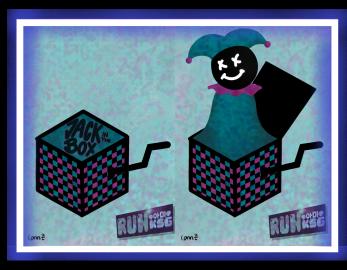

The 2nd activity was streaming.

Members had to send a
screenshot of them streaming
any song from the album on
any of the platforms - YouTube,
Spotify, Apple Music, etc. With
this activity, they would get 7
hearts.

#### Quiz

The 3rd and final activity was a quiz. The members received a Quizlet set which included vocabulary from the song 'Jack in the Box' and on the next day, a quiz was posted. Once they completed the quiz, they had to send a screenshot of it.
